Craig:

This is the final document for the Alpha Transition. Since everyone has seen this many time, I assume that it is fine but I will give you guys another look for glaring omissions or errors. I would like to get this signed today or tomorrow.

Thanks

Hurricane Harvey – Texas Unified Command Mission Assignment Transition from Response to Recovery

Corpus Christi Branch Operational Activity Transition Record For Orphan Drum and Container Collection and Spills/Discharges from Facilities

To: Susan Clewis
Region 14 Director
Texas Commission on Environmental Quality

From: Hurricane Harvey Unified Command

Thru: Hurricane Harvey - Texas Unified Command for Emergency Support
Function (ESF) #10

The Unified Command (UC) has complete ESF-10 assignments under FEMA Mission Assignment number 4332DR-TX-EPA at the Corpus Christi Branch and intends transition to the recovery phase of operations. A summary of response actions is outlined below. As a result, UC is recommending initiation of an organized, thoughtful, and gradual reduction in personnel in the field to facilitate a smooth transition back to normal operations with state and local authorities.

On September 7, 2017, Texas Governor Abbott created the Governor's Commission to Rebuild Texas. EPA agreed to support the Governor's Commission to effectively coordinate the State's effort to recover and rebuild public infrastructure damaged by Hurricane Harvey and will do so under a separate FEMA Mission Assignment for Long-term Recovery if issued by FEMA. The duties of the Commission shall include: assisting local governmental entities and nonprofit organizations to assess and identify rebuilding needs and to navigate state and federal resources available for the rebuilding effort; advocating for the interests of state and local government on matters related to disaster response; and providing expertise and assistance to local governmental entities and nonprofit organizations throughout the rebuilding process.

EPA Incident Commander

Date: _____

TCEQ Incident Commander

Date: _____

Action: 1	Purpose and Background
Assignee(s):	Operations Section Chief and Branch Director
Information: FEMA Interagency Agreement (IAG) and Mission Assignment (MA): 4332-DR-TX-EPA-03 Operational Branch: Corpus Christi (Alpha) Area of Responsibility (AOR)/Counties: Aransas, Bee, Calhoun, De Witt, Goliad, Gonzales, Jackson, Kleberg, Lavaca, Nueces, Refugio, San Patricio, Victoria Operational Category: Assessment, identification, removal and disposal of orphan drums and containers; assessment, identification, abatement, containment, and mitigation of potential or actual discharges/releases from facilities. Authorized Activities: Conduct field operations to remove and dispose of oil and hazardous substances in the form of orphan drums and containers, and conduct field operations to abate, contain, and mitigate potential or actual discharges/releases from facilities. Attachment 1: Mission Assignment 4332DR-TX-EPA-03-00 and Amended Mission Assignments 4332DR-TX-EPA-03-02 and 4332DR-TX-EPA-03-03	

Action: 2	Findings
Assignee(s):	Operations Section Chief and Branch Director
Milestones: The Unified Command (UC) conducted response activities to mitigate exposure threats from oil and hazardous substances associated with orphan drums and containers, and potential or actual discharges/releases from facilities. These recovery efforts were focused throughout the	

affected areas of the Corpus Christi Branch AOR. Some orphan drums and containers were recovered in the incorporated areas while others were associated with the rural and sensitive areas (open water, marsh, and swamp areas) of the Corpus Christi Branch AOR. These orphan drums and containers appeared to have originated from land based businesses, and/or off-shore petroleum operations. All recovery efforts were conducted in such a manner as to avoid or minimize additional damage to the sensitive environments within the Corpus Christi Branch AOR. To this end, prior to beginning recovery operations in an area, both ground and aerial reconnaissance (where applicable) were conducted. The UC was able to; gather information on recovery targets; evaluate possible access routes; procure temporary staging locations (if necessary); determine appropriate equipment needs, and evaluate safety considerations. The UC also assigned unique identifications in its Response Manager database for orphan drum and container targets, and facility spills/discharges.

Following the reconnaissance, the UC created tactical maps of all targets located within the Corpus Christi Branch AOR. The UC developed performance guidelines in conjunction with both State and Federal natural resources trustee agencies. The goal of the response effort was to minimize any collateral environmental damage, while mitigating hazardous material threats to public health and environment. When operations were conducted in sensitive habitats, wetlands-experienced personnel documented all activities before, during and after recovery.

The UC conducted the following best management practices and conservation measures:

- Preservation of Existing Habitats: Recovery activities were minimized and focused on the protection of existing vegetation.
- Selectivity of Recovery Equipment: Equipment was chosen and employed to avoid or minimize adverse effects to habitat and wildlife.
- Spill Prevention: Control and countermeasures were implemented to reduce the risk of spills during recovery operations.

A system of grids and zones was created to track collection progress. Upon completion of recovery operations in an area, ground and/or aerial verification was conducted.

The UC processed a total of 98 locations through Corpus Christi Branch orphan drum and container operations, and a total of 58 locations through the Corpus Christi Branch facility discharge operations.

The UC conducted recovery of orphan drums and containers in Corpus Christi Branch from approximately August 28, 2017 through September __, 2017.

Some items were left in place because they were not a hazardous material threat or the contents were emptied and the containers no longer posed a significant public health or environmental risk relative to the likely environmental impact required for removal. Other containers were left in place when owners could be identified and contacted, resulting in the owner performing removal of their items. In addition, some containers or spills were referred to other state or local agencies. Containers located on federal land were referred to those agencies which own the land, such as Department of Interior or US Army Corp of Engineer. These items were not addressed under this mission assignment as Federal lands are outside the

statutory authority of the Robert T. Stafford Disaster Relief and Emergency Assistance Act.

In the Corpus Christi Branch AOR, no orphan drum and container items remain open that require recovery.

The UC conducted abatement and mitigation operations regarding facility discharges/releases in the Corpus Christi Branch from approximately August 28, 2017 through September __, 2017.

A total of 35 facility discharges/releases were referred to the proper State or Federal agency. The state/federal agencies will close out these facilities under their normal business practices.

On September __, 2017, TCEQ indicated they were ready to transition recovery activities from ESF-10 Unified Command back to the state.

Attachment 2: Corpus Christi Branch Map Showing Recovery Required and Left in Place Orphan Drum and Container Locations by County

Attachment 3: Corpus Christi Branch Table of Recovery Required and Left in Place Orphan Drums and Containers by County

Attachment 4: Corpus Christi Branch Chart of Orphan Drum and Container Recovery Totals by Type

Attachment 5: Corpus Christi Branch Table of Drums and Containers Left in Place by County

Attachment 6: Corpus Christi Branch Table of Drums and Containers Referred to a Responsible Party or to Another Agency by County

Attachment 7: Corpus Christi Branch Table of Facilities/Spills Referred to a Responsible Party or to Another Agency by County

Attachment 8: Corpus Christi Branch Map Showing Open Item Facilities Referred to the State Agencies by County

Attachment 9: Corpus Christi Branch Table Showing Open Item Facilities Referred to the State Agencies by County.

Action: 3	Continuously evaluate operational activities and identify decision point for completion of activity or its transition back to state and/or County.
Assignee(s):	Operations Section Chief and Branch Director
Activity Transition Criteria: Orphaned container collection continued until transitioned to the state. Aside from the targets left open or turned over to the State Agencies and/or Agency contractors, and County contractors all known hazardous material threats were mitigated, but containers that may have sunk, were hidden by debris, or were otherwise unknown to the responders may still be present.	

Action: 4	Work with TCEQ officials to establish a mission transition strategy (including Outreach strategy) and mission completion schedule.
Assignee(s):	Branch Director
Strategy details and schedule: Unified Command recovered all identifiable targets. Any future containers should be identified and recovered through normal business operations.	
Action: 5	Brief Agency contacts on activity completion prior to implementation.
Assignee(s):	Unified Command
Results: The Unified Command has briefed their respective agency contacts prior to transition.	

Action: 6	Concurrently Brief JFO/AFO on activity closeout prior to implementation.
Assignee(s):	Unified Command
Results: No formal briefing to the JFO/AFO will be required for this activity as the Corpus Christi Branch is closed out.

** Signature required for all MAs.

Additional Mission Statement

ESF 10 will conduct aerial assessments to assess discharges/releases; accumulations of orphaned containers, and damages to oil/chemical facilities. This information will be used to help ensure safety of response personnel entering into the impacted areas.

PAPERWORK BURDEN DISCLOSURE NOTICE

Public reporting burden for this form is estimated to average 3 minutes per response. The burden estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and submitting this form. This collection of information is required to obtain or retain benefits. You are not required to respond to this collection of information unless it displays a valid OMB control number. Send comments regarding the accuracy of the burden estimate and any suggestions for reducing the burden to: Information Collections Management, Department of Homeland Security, Federal Emergency Management Agency, 1800 South Bell Street, Arlington, VA 20598-3005, Paperwork Reduction Project (1660-0047). **Note: Do not send your completed form to this address.**

INSTRUCTIONS

Items on the Mission Assignment (MA) form that are not listed are self-explanatory.

I. TRACKING INFORMATION. Completed by Action Tracker or other Operations staff. Required for all request.

State: If multi-State, choose State most likely to receive resource(s), (i.e., when using 7220-SU Program Code)

Action Request No.: Based on chronological log number. Used for tracking.

Program Code/Event No.: The pre-declaration, emergency, or major disaster number assigned for funding the event. Examples: 7220-SU, 4220-AD, 3130-EM, 1248-DR.

II. ASSISTANCE REQUESTED. Complete by requestor.

Assistance Requested: Detail of resource shortfalls, give specific deliverables or simply state the problem.

Internal Control No.: Internal requestor reference, log, or control number, if applicable.

Initiator/Requestor: The initiator may be an individual filling out the mission assignment and making a request on behalf of the POC.

POC Name: The person coordinating reception and utilization of the requested resources. 24-hour contact information required.

State Approving Official: Signature certifies that State and local government cannot perform, nor contract for the performance, of the requested work and agrees to pay cost share if any.

III. INITIAL FEDERAL COORDINATION. Completed by the Operations Section Chief.

Action to: Operations Chief notes assigned organization. May be Emergency Support Function (ESF), internal FEMA organization, or other organization, which assigns the Action Officer.

Rest of MA used only if solution to request Federal agency to perform reimbursable work under (MA). Best solution may be internal resources or commercial vendor. Deliberate evaluation must occur before MA is completed and MA is issued.

IV. DESCRIPTION. Completed by assigned agency Action Officer.

Statement of Work: Description steps to complete the request. Include discussion of personnel, equipment; sub tasked agencies, contracts and other resources required. This can be provided as an attachment.

Assigned Agency: Agency receiving the MA from FEMA. Activities within the scope of an ESF result in an MA to the primary agency. Cite subordinate organization if applicable. Example; DOT-FAA, COE-SAD.

Project Completion Date/End Date: If end date is not clear, estimate and budget for 30 or 60 days, then re-evaluate. TBD is not acceptable; some date must be entered into this field.

Total Cost Estimate: A budget can be attached outlining personnel, equipment, contract, sub-tasked agency, travel, and other costs.

V. COORDINATION. Completed by MAM, except for Project Manager and Comptroller signatures. Type of MA: Select only one.

Appropriation Code: Static data. Do not change. This is for information only, should not be used to report internal agency finances to Treasury.

VI. APPROVAL. Completed by State Approving Official and Federal Approving Official.

VII. OBLIGATION. Completed by Financial Specialist

Mission Assignment No.: Assigned in FEMA financial system chronologically using assigned agency acronym and two digit number.

Amendment No.: Note supplement number. For example: COE: SAD-01, Supp. 1, or DOR-08, Supp. 3.

Amount this Action: Taken from total cost estimate above.

Cumulative Amount: Cumulative amount for this MA, including amendments.

This assistance includes response to release/discharges from fixed facilities, as well as orphaned containers and mobile sources.

Additional Mission Statement

ESF 10 will conduct aerial assessments to assess discharges/releases; accumulations of orphaned containers, and damages to oil/chemical facilities. This information will be used to help ensure safety of response personnel entering into the impacted areas.

PAPERWORK BURDEN DISCLOSURE NOTICE

Public reporting burden for this form is estimated to average 3 minutes per response. The burden estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and submitting this form. This collection of information is required to obtain or retain benefits. You are not required to respond to this collection of information unless it displays a valid OMB control number. Send comments regarding the accuracy of the burden estimate and any suggestions for reducing the burden to: Information Collections Management, Department of Homeland Security, Federal Emergency Management Agency, 1800 South Bell Street, Arlington, VA 20598-3005, Paperwork Reduction Project (1660-0047). **Note: Do not send your completed form to this address.**

INSTRUCTIONS

Items on the Mission Assignment (MA) form that are not listed are self-explanatory.

I. TRACKING INFORMATION. Completed by Action Tracker or other Operations staff. Required for all request.

State: If multi-State, choose State most likely to receive resource(s), (i.e., when using 7220-SU Program Code)

Action Request No.: Based on chronological log number. Used for tracking.

Program Code/Event No.: The pre-declaration, emergency, or major disaster number assigned for funding the event. Examples: 7220-SU, 4220-AD, 3130-EM, 1248-DR.

II. ASSISTANCE REQUESTED. Complete by requestor.

Assistance Requested: Detail of resource shortfalls, give specific deliverables or simply state the problem.

Internal Control No.: Internal requestor reference, log, or control number, if applicable.

Initiator/Requestor: The initiator may be an individual filling out the mission assignment and making a request on behalf of the POC.

POC Name: The person coordinating reception and utilization of the requested resources. 24-hour contact information required.

State Approving Official: Signature certifies that State and local government cannot perform, nor contract for the performance, of the requested work and agrees to pay cost share if any.

III. INITIAL FEDERAL COORDINATION. Completed by the Operations Section Chief.

Action to: Operations Chief notes assigned organization. May be Emergency Support Function (ESF), internal FEMA organization, or other organization, which assigns the Action Officer.

Rest of MA used only if solution to request Federal agency to perform reimbursable work under (MA). Best solution may be internal resources or commercial vendor. Deliberate evaluation must occur before MA is completed and MA is issued.

IV. DESCRIPTION. Completed by assigned agency Action Officer.

Statement of Work: Description steps to complete the request. Include discussion of personnel, equipment; sub tasked agencies, contracts and other resources required. This can be provided as an attachment.

Assigned Agency: Agency receiving the MA from FEMA. Activities within the scope of an ESF result in an MA to the primary agency. Cite subordinate organization if applicable. Example; DOT-FAA, COE-SAD.

Project Completion Date/End Date: If end date is not clear, estimate and budget for 30 or 60 days, then re-evaluate. TBD is not acceptable; some date must be entered into this field.

Total Cost Estimate: A budget can be attached outlining personnel, equipment, contract, sub-tasked agency, travel, and other costs.

V. COORDINATION. Completed by MAM, except for Project Manager and Comptroller signatures. Type of MA: Select only one.

Appropriation Code: Static data. Do not change. This is for information only, should not be used to report internal agency finances to Treasury.

VI. APPROVAL. Completed by State Approving Official and Federal Approving Official.

VII. OBLIGATION. Completed by Financial Specialist

Mission Assignment No.: Assigned in FEMA financial system chronologically using assigned agency acronym and two digit number.

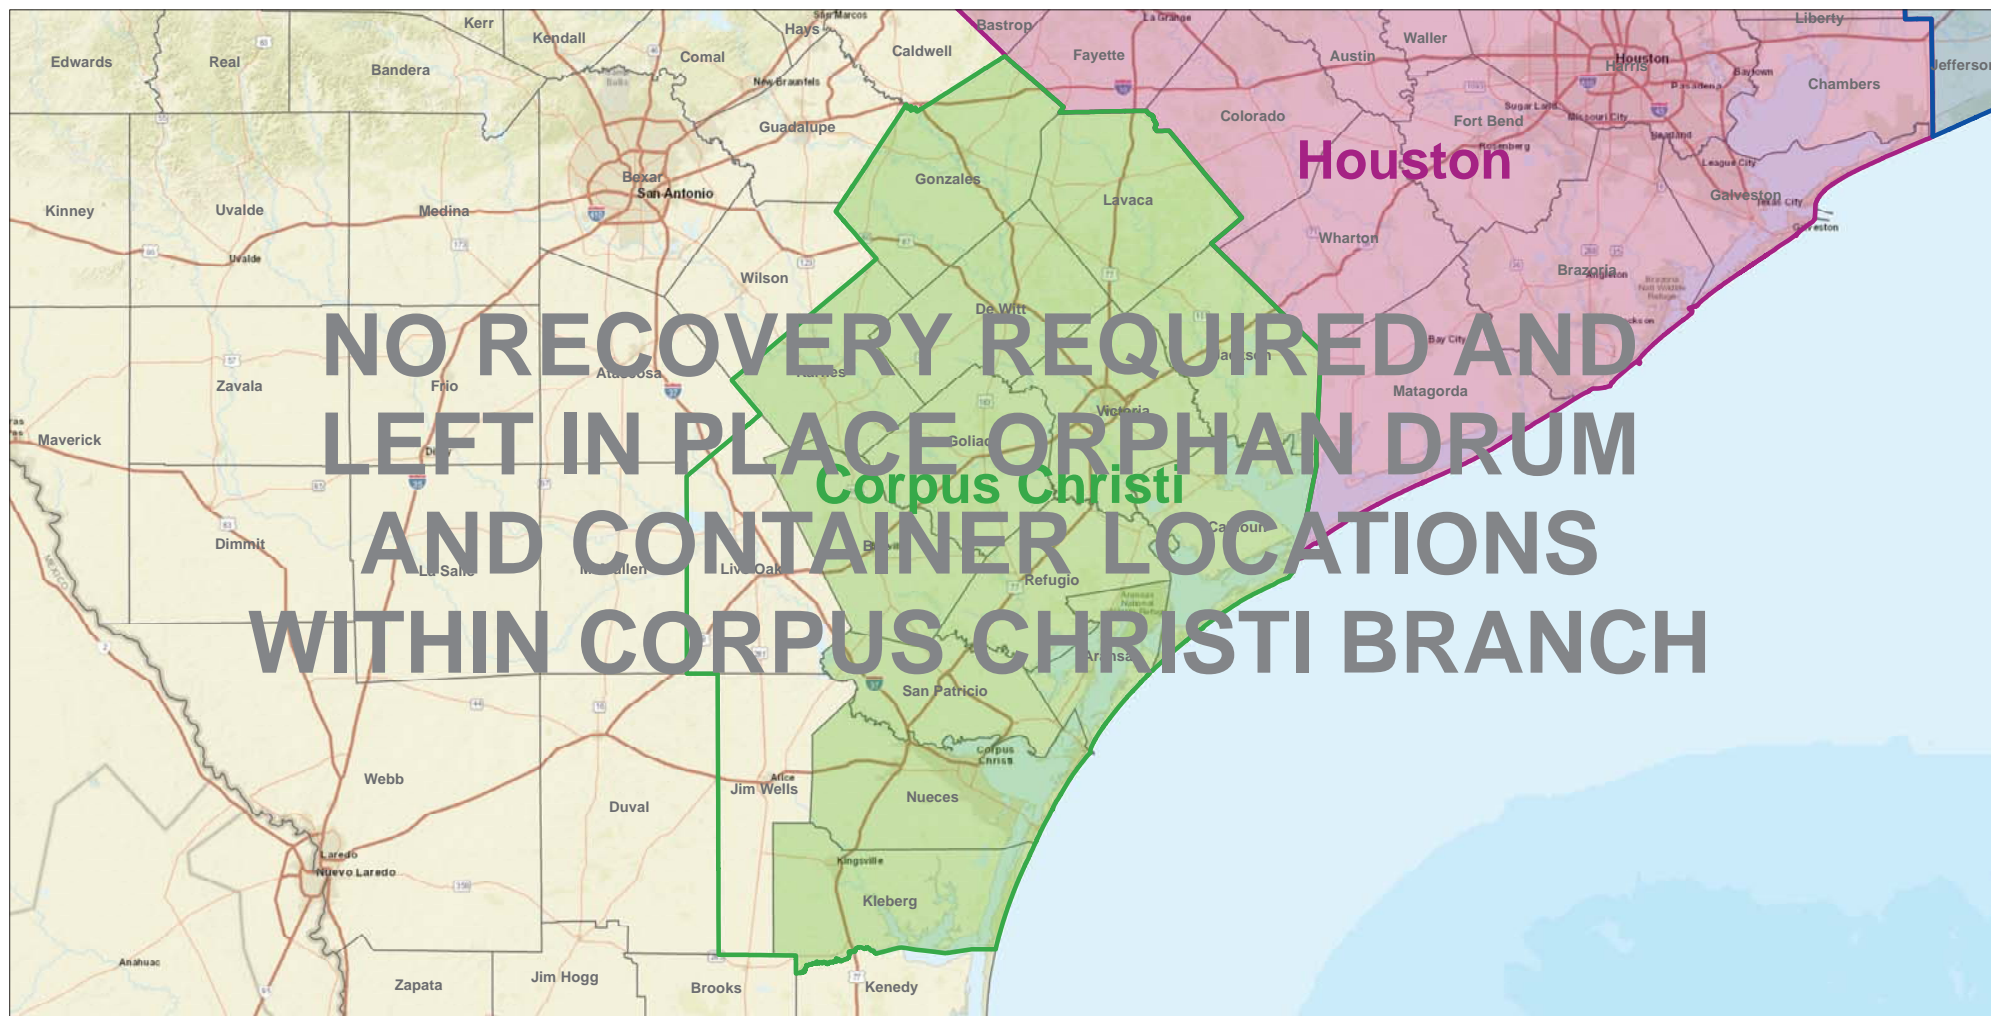

Amendment No.: Note supplement number. For example: COE: SAD-01, Supp. 1, or DOR-08, Supp. 3.

Amount this Action: Taken from total cost estimate above.

Cumulative Amount: Cumulative amount for this MA, including amendments.
